Classification/High School | 2023 Douglass HS

Projected Level of Play | D3 JUCO / NCCAA (Arlington Baptist, Dallas Christian, etc.)

Potential level of Play | NCAA D3 / Possible late NAIA partial

Player Assessment/Evaluation: Although Jaidyn is undersized, he makes up for it by playing extremely hard, competes every possession, and can score it on all 3 levels. His college ready strength on offense is the ability to score it off the bounce, and excels at getting out in transition and playing downhill. Super quick in open court and looks his best when he is pushing the pace. What is exposed on film is shot selection and ball control in traffic to limit unforced turnovers. You can stay in attack mode, but need a 2nd gear at times on Offense when numbers are not there. Gets downhill to the basket with a quick first step, but must show he can finish through contact and over bigger defenders down the stretch. Catch and shoot 3 is good and creates space on his release, but you need to get me games where you shoot it at a higher % (3-5 or 2-4 from 3pt line are perfect) Defensively, you must improve your on-ball defensive discipline. You are active and play with great energy, but college coaches are looking at how effective you are on ball when

undersized. Keeping opponents in front while applying constant pressure, not gambling on the ball, remaining solid, and showcasing you can disrupt ball-handlers without giving up straight line drives. You do a very good job of being active on the ball which results in deflections and making it tough on the guards to deliver passes, but work on consistency with your discipline and that will stand out down the stretch.

Game films to upload to Jaidyn's UC Player Card: Game #1-Highest Scoring game with the fewest TO's (24 points, 5 assists 2 turnovers) **Game #2** Best Overall Game on both ends (14 points, 7 assists, 4 steals, 5 defensive rebounds where you get out in transition) Any games in February where you stay consistent with on ball D, and have a high assist to low turnover ratio will best represent you ***(At your size you must be a true PG)***

How to move you up College Coaches Boards down the stretch. Jaidyn's Recruiting Game Plan and UC Prospect Cheat Sheet:

College Ready Strengths to Showcase | 3-level scorer who can run a team, On ball Defensive pressure with discipline

Areas exposed on Game Film | Shot selection, on ball defense, non verbal communication (That will be a KEY for you on films and in Spring camps/showcases)

Jaidyn's Focus Points down the Stretch | Get up lots of extra reps on 3s (1,000 a week) and upload games where you shoot 40% or higher from 3 and 50% from the field (Efficient scorer) Stay in attack mode and make note to stand out as the leader not the leading scorer.

College Ready Traits that will stand out when sharing Jaidyn's UC Player Card to

College Coaches at the targeted levels | Your EFFORT and MOTOR are great, now add non verbal communication and that will stand out to college coaches ***(Remember scouts cannot hear you when watching games, so they look hard at non verbal leadership traits)***

Spring Game Plan | Targeting the right FIT

Based on professional insight from an experienced recruiting coordinator or current college coach, our formula is proven when it comes to matching players with the right FIT. Level of play, style of play, and college ready strengths all factor in over the next 90 days.

Offensive fit | Must have an Uptempo Program - You are clearly at your best when the game speeds up and you are pushing the pace. At your size with your speed we must target teams/programs Avg. 80+ ppg

Defensive fit | Full court pressing or man to man Pressure Teams - Programs that want to disrupt opponents and turn defense into Offense are your best fit.

Our Recruiting Game Plans provide insight from a college coaches lens to guide 'Top Prospects' on what films to upload to their UC Recruits Player Cards that will 'Gain Interest' heading into February. As you continue to progress, we will promote Jaidyn's best games to targeted levels that will stand out to college coaches and get you on more radars. As we get closer to the end of the HS Season, ***the Uncommon Approach of targeted FITS will begin until we turn interest into an Offer!***

Jaidyn Davis Recruiting Game Plan | 2022-2023 Season

Set very specific game goals you are capable of achieving after reviewing the UC scout & evaluation. We only share game films that stand out to college coaches so follow your Recruiting Game Plan. Our focus will be on the following 3 areas until we start to gain real interest: **#1** Stay Aggressive while looking under control (IF you can pass up 1 or 2 forced shots and turn those into making the right plays that will stand out - must show you can run a team not just score) **#2** Your energy and effort on defense stand out, but if you can constantly pressure the ball while adding discipline then coaches start forgetting about being undersized. Effective effort offsets size. **#3** I think the big key for you is to look on film like the team leader not the team's leading scorer. Your resume for putting points on the board is solid, but you must add non-verbal leadership traits to stand out to college coaches (Huddle the team, matching teammates up, sprinting to huddle, giving teammates five, etc. etc.)
